

NFT

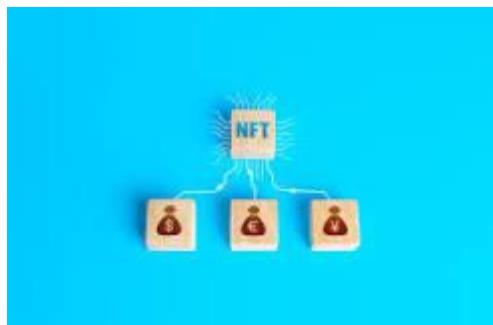

NFT stands for non-fungible token. It's generally built using the same kind of programming as cryptocurrency, like Bitcoin or Ethereum, but that's where the similarity ends. Physical money and cryptocurrencies are “fungible,” meaning they can be traded or exchanged for one another.

What is NFT and how does it work?

An NFT is a **digital asset that represents real-world objects like art, music, in-game items and videos**. They are bought and sold online, frequently with cryptocurrency, and they are generally encoded with the same underlying software as many cryptos.

How do you make money in NFT?

Increase your income by **selling your works as NFTs**. You can create and sell anything digital as NFTs. From original digital art, music, memes, videos to audio clips and so much more. In fact, there's a New Yorker who sold his farts as NFT!

How does the NFT business work?

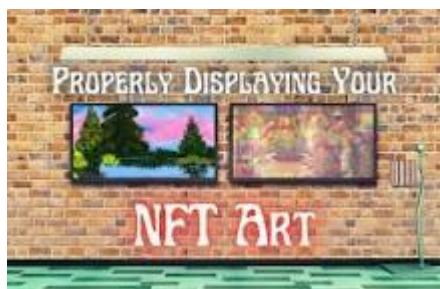

NFTs are **unique cryptographic tokens that exist on a blockchain and cannot be replicated**. NFTs can represent real-world items like artwork and real estate. "Tokenizing" these real-world tangible assets makes buying, selling, and trading them more efficient while reducing the probability of fraud.

Why are NFTs so expensive?

NFTs are valuable because **they verify the authenticity of a non-fungible asset**. This makes these assets unique and one of a kind. Picasso's paintings are non-fungible. While anyone can make copies of his paintings, the original painting remains irreplaceable and unique.

How do I display NFT art?

Here are some common ways to display your NFT art:

1. TV monitor and LED screens.
2. iPad or tablet.
3. Social media platforms and websites.
4. Physical copies.

5. Digital frames.
6. Metaverse galleries.

Is NFT real money?

NFT stands for non-fungible token. It's generally built using the same kind of programming as cryptocurrency, like Bitcoin or Ethereum, but that's where the similarity ends. **Physical money and cryptocurrencies are “fungible,” meaning they can be traded or exchanged for one another**

How do I sell NFTs?

How to sell NFTs on OpenSea

1. From your account page, select your profile image at the top right corner to reveal the Profile option.
2. Once you have selected the NFT and navigated to the NFTs description page, click on "Sell" at the top right corner of the screen to move to the listing page.
 3. How do you show NFT at home?
 - 4.
5. 
- 6.
7. If you have some spare digital equipment like Android tablets or TV screens or want to create your own digital frame using IPS monitors, you can **use the Token Cast app to display your NFTs**. TokenCast is available as an Android app or you can use Raspberry Pi to cast your NFTs on digital screens
8. What can I do with my NFT?
9. NFTs are also making waves as **in-game purchases in video games** (much to the delight of parents everywhere, we're sure). These assets can be bought and sold by players, and include playable assets like unique swords, skins or avatars.
